

Internal Registration

Instructions:

1. **Navigate** to <https://ufl.corefacilities.org>
2. **Click** on the 'University of Florida' link and **enter your Gatorlink** credentials

3. **Upon successful authentication**, you will be prompted to **select your PI/Group** from the pull down list and provide your phone number. Select the Last, First (UF) Lab. **⚠ DO NOT** select the 'first register the lab account' **until** you have looked for your PI in the drop down list - **see note at bottom of screen.**

4. **Upon completing** the form, **click 'Register.'** Typically within the first **24 hours**, you will receive notification that your **account has been created.** ★ If you encounter any issues, email ICBR-iLab@ad.ufl.edu.

If your PI does not have an account, select the 'first register the lab account' link and fill out the form you are routed to. Within 24 hours, you should receive an email of your account creation.

will receive data and purified cells. ICBR staff is available to advise on specific sample requirements.

Confocal Imaging Full Service

request service

An ICBR staff member will work interactively with customers to produce confocal images from live or fixed preparations. The customer is responsible for preparing stained slides or cell cultures.

Drop Off Flow Cytometry Sample Analysis

request service

An ICBR staff member will analyze samples prepared by the customer and produce a report containing selected graphs and statistics. Prepared samples must contain dissociated cells (or subcellular particles) in suspension, usually stained with one or more fluorescent dyes.

Equipment Training

request service

Equipment Training is subject to core staff availability and is intended for those who already have some knowledge of flow cytometry. Training for novice users is carried out interactively using samples prepared by the customer.

Request FlowJo annual license key

request service

Use to request a seat on our FlowJo portal group license. The cost for the annual access to our group license can be found on the ICBR webpage in the services and fees section.

After submitting the request, you will receive an email invite to set up your FlowJo portal account and join the group license. If you are renewing your annual access, a cytometry core member will extend your access period for another year.

If you have any questions, please contact the ICBR flow cytometry core.
